THE TEAM

ECLIPSE COMPETITION
MEDIA KIT · 2026

Eclipse Competition is a premier iRacing endurance team based in the United States, founded in *November 2023* by Michael Costello and Titus Sherlock. We race across GTP, LMP2, GT3 and Formula on the world's most competitive online racing platform — and we win.

Our roster isn't built in bedrooms. It's built out of real-world racers — USF Pro 2000, FR Americas, British F4, Indy NXT, Formula 4 — who bring track-tested feedback loops back to the sim. That combination is why our setup work translates, our stints stay clean, and our results stack up.

2025 was the breakout year. In 2026 we're expanding programs, launching the Eclipse Setup Shop and Eclipse Academy, and building the partnerships that put more purple on the grid.

WE RACE, *WE WIN*, WE KEEP PUSHING.

HOW WE OPERATE

ENDURANCE · FORMULA
SETUP SHOP · ACADEMY

ENDURANCE

Full-time roster running GTP, LMP2 and GT3 across IMSA and Global Endurance. Testing before every race — not on race day. 4 drivers per 24-hour entry, 2 per 6-hour, and a setup group that ships before qual.

FORMULA

Open-wheel focused on the Dallara IR-18 IndyCar platform, plus the Formula Indy Series and Formula Sim Series. Three team championships, one Indy 500 win, and multiple race winners on the current roster.

SETUP SHOP

Coming 2026. A setup shop where we build, share and sell setups honed by our own drivers — race-proven across GTP, LMP2, GT3 and Formula — with an AI-assisted setup tool in development by our engineering group.

TEAM CULTURE

Voting on race check-in. Show up for testing. Use your real iRacing name. Simple rules, high standards, and a roster that backs each other up. Founded November 2023. Built on iRacing. Average team iRating: 5,000+.
